Dear Parents/Carers,

It has been such a pleasure welcoming so many new families to our nursery this week. Many of the children are already confident in saying goodbye to their parents. Please don't worry if your child needs more time, every child is unique, and we will work closely with you to make the transition as smooth as possible. This gradual process helps your child build confidence, which is an important foundation for their learning and development.

Building secure relationships with their key adults in nursery is an important part of this journey. For many children, this is their very first educational setting, and feeling safe and cared for allows them to explore, learn, and develop their confidence.

Our returning children have settled back in really well and are enjoying the key learning experiences on offer. They have also been fantastic role models in helping new children feel welcome and supporting them as they begin their learning journey at Children's House.

Please take a look at the key learning experiences planned for next week, and do come along and join the workshop on Tuesday with Forida, our Parent Support Partner, who will be delivering the session on having fun making playdough with your child at home.

Key Information for Families

- We are a Healthy Eating School, please bring a healthy snack at pick-up time (no sweets, crisps, or lollies)
- We encourage all families to walk or scoot to school where possible
- We are a no mobile phone school, please switch off your phone during drop off and pick up, and take this time to talk with your child about their day at nursery

Thank you for your continued support.

Yours faithfully

Guthsna Khan
Head of School

Head of School: Mrs G. Khan
Executive Headteacher: Mr G. Palmer
